You must immediately post this Citation and Notice of Assessment at or near where the violation(s) occurred, where employees can easily find and read it, or where employees normally receive posted information. No penalties were assessed.
The following amends the Citation and Notice previously issued March 16, 2010. Please disregard the previous Citation and Notice. If an appeal of this report is to be initiated, it may be made within fifteen working days from the receipt of this Citation and Notice.

This citation has been amended to change the violation classification for violation 1 item 1 from Repeat General to General.

The employer is obligated under WISHA to post the amended citation until violations have been corrected or for three working days, whichever is longer.

**Violation 1 Item 1**  
Violation Type: General  
WAC 296-800-14005

The employer did not ensure that the accident prevention program was tailored to the needs of the particular operation and to the type of hazards involved. The accident prevention program did not address hazards associated with the safe use and operation of golf carts.

The University of Washington includes a wide range of hazards with potential for injury that can be controlled through a properly developed and implemented accident prevention program.

**Correct by:** 7/30/2010  
**Assessed penalty:** $0.00

**Violation 1 Item 2**  
Violation Type: General  
WAC 296-800-32005(1)

In the following instances, the employer did not report two in-patient employee hospitalizations to the Division of Occupational Safety and Health (DOSH) within 8 hours of the incident as required by this standard.

1. The employer did not report an in-patient employee hospitalization on November 11, 2009. DOSH was not notified until November 30, 2009.

2. The employer did not report an in-patient employee hospitalization on November 26, 2009. DOSH was not notified until November 30, 2009.
The lack of notification to DOSH of an employee in-patient hospitalization can result in a delayed and incomplete investigation that can increase the possibility of another employee hazard exposure.

To report, call 1-800-423-7233 for the DOSH toll-free hotline or contact your nearest Labor & Industries office by phone or in person, or call the OSHA toll-free hotline, 1-800-321-6742.

This violation was corrected during the inspection.
Assessed penalty: $0.00
What you must do now:

- Check the correction due date(s) shown on the enclosed Hazard Correction Form. You must fully correct the hazards by these dates.
- Describe on the form how you corrected each hazard, rather than what you intend to do in the future. Examples:
  - **Right:** All staff have received the required training.
  - **Wrong:** All staff will receive the required training next week.
- Use attachments if you need more space. Submit additional documentation of hazard correction if requested in the citation packet.
- Fill in the date you corrected the hazard and sign.
- Post a copy of the completed form for at least three working days, or until you have corrected all violations, whichever is longer. It must be posted near the hazard location or in a place that is readily accessible by affected employees and their representatives.
- Send your completed form to the address provided.

**Note:** If we do not receive written confirmation you have corrected the hazards, we will take follow-up action, which may include additional penalties. If you provide us with false information, you may face criminal penalties.

If you are unable to fix the hazard(s) by the correction due date(s):

We must receive your written request for an extension before the correction due date(s) listed for the hazard(s). Correction due dates are shown on the enclosed Citation and Notice of Assessment and on your Hazard Correction Form(s).

Extensions are not automatically granted. To be considered for an extension, you must provide the following:

- Inspection number, employer name, telephone number, and site address.
- Violation and Item number for each requested extension.
- Correction due date on the citation and additional time needed.
- Steps taken to fix the hazard by the correction due date.
- Why you cannot correct the hazard by the correction due date.
- How you will protect your employees until you fix the hazard.

For more information, contact: NICKOLAS STILNOVICH, Compliance Supervisor
Or call: (206) 515-2885
Department of Labor and Industries
315 5th Ave S Suite 200

You must post all documentation associated with your request for extension with your citation packet. All postings must remain until you have corrected all violations, or unless you have appealed and received and posted your hearing notice.
