COVID-19 Response and Prevention Team will send you a link to a health survey prior to the end of your isolation period.

End isolation after day 5 if you are fever-free for 24 and your other symptoms have improved.

Complete the electronic survey.

The COVID-19 Response and Prevention Team will send you a link to a health survey prior to the end of your isolation period.

1. If you take a home rapid COVID Antigen (Ag) test at 5 days or after and it is positive you should continue isolation for a full 10 days. Visit the EHS website for more information.

2. Additional requirements are followed by students in residence halls and athletics programs.
