WORKING TOGETHER FOR A  
**SAFE AND HEALTHY U**

## Needle Recapping

*OSHA compliant one-handed needle recapping.*

NeedleSafe II®

NeRd®

## Blood Collection

*Automated in-vein retraction to reduce risk of injury and exposure.*

VanishPoint Retractable®

## Hand Protection

*Needlestick, cut, puncture, and abrasion resistant gloves.*

PointGuard® Ultra  
6044

SharpsMaster®  
II 9014

## Animal Handling

*Gentle restraint while avoiding injury to personnel and animals.*

Scruff Guard

LabArt Restraint

## Cutting & Slicing

*Reduce injury by avoiding sharps exposure.*

Blunt Scissors

Disposable Safety  
Cutters

## Injecting

*Reduce the risk of needlesticks during injection.*

BD Luer-Lok®  
Syringe

VanishPoint  
Retractable® Needle

## Ampule Handling

*Avoid breakages, cuts, and contamination while using ampules.*

SnapIt Ampule  
Opener

inplusDESIGN Ampule  
Opener

## Grasping

*Pick up sharps safely.*

Soldering Straight  
Gripper

Hemostat Forceps

## Scalpel Disposal

*One handed blade removal.*

Disposable Blade  
Remover
